## Secure Document Destruction Solutions by Shred-Tech

MDS-25X

### The MDS-25X is the industry leader in performance.

When the MDS-25X was introduced it quickly set a new industry standard for high volume shredding trucks. The MDS-25X processes between 1,800 - 2,250 kg/hr, is mounted on a 18 tonne GVW chassis, and has a legal payload of up to 7,000 kg. The MDS-25X has a proven track record of reliability and is safe and easy to operate. A minimum of moving parts ensures maintenance costs are minimized. All Shred-Tech trucks boast the highest resale value when compared to other models.

### The MDS-25GTX improves efficiency and increases profits.

The MDS-25GTX is the most popular security shredding truck in North America and has been recently introduced to the UK and Europe. Processing approximately 1,800 - 2,250 kg/hr and offering a legal payload of approximately 7,000 kg, this model is the industry's Gold Standard. Operator efficiency and safety are maximized, with automatic side loading, user-friendly controls, and innovative camera monitoring system.

### ST - Dual-Shaft Shredders

Shred-Tech's comprehensive range of dual-shaft shredders are ideal for the high-volume reduction of confidential materials. Dual-shaft systems can safely and securely process from 900 - 9,000 kg/hr. All Shred-Tech systems can be customized to suit your individual needs and are available with patented high security cutting knives for ultra sensitive installations.

# MDS Technical Specifications

	MDS-25X	MDS-25GTX
<b>Throughput</b>	1,800 - 2,250 kg/hr	1,800 - 2,250 kg/hr
<b>Measurements</b>		
Legal Payload Capacity	6,700 kg	7,200 kg
Length Total	9,260 mm	9,260 mm
Width Total	2,540 mm (over hinges etc.)	2,540 mm (over hinges etc.)
Height Total	4,000 mm	4,000 mm
Weight Empty	11,300 kg	10,888 kg
Chassis GVW	18,000 kg	18,000 kg
<b>Shredder Specifications</b>	<b>ST-25X</b>	<b>ST-25X</b>
Drive	Hydraulic	Hydraulic
Number of Motors	1	1
Horsepower	67.5 kW	67.5 kW
Knives Width	16 mm	16 mm
Number of Knives	40	40
Knives Diameter	173 mm	173 mm
Hex Size	68 mm	68 mm
Distance between Shafts	150 mm	150 mm
Cutting Chamber	698 mm x 406 mm	698 mm x 406 mm
<b>Engineering</b>		
Shred-Tech Model ST-25X Hydraulic Shredder	S	S
Rotary Compactor	S	X
Auger Compactor	X	S
Feed Hopper	S	S
"Patented" Retractable Bin Tunnel	X	S
FRP Unibody	S	S
Hydraulic Reservoir (265 Litres)	S	S
Security Screen Doors (2)	S	X
Main Control Panel c/w 12 Volt PLC	S	S
